

Check out changes to Ontario's Off-Road Vehicles legislation at: www.mto.gov.on.ca/english/dandv/orv.htm

Off-road vehicles now have more access to the shoulder and paved portions of SOME Ontario highways. As of July 31/03, municipalities were given the authority to decide if they would issue a by-law to allow access to their highways and to set out rules and limits for the use. This regulation applies to off-road vehicles that:

- have 4 wheels, the tires of which are all in contact with the ground
- have steering handlebars
- have a seat designed to be straddled by the driver
- meets requirements of federal Motor Vehicle Safety Act and American National Standards Institute
